

SAP APPLICATION MANAGEMENT SERVICES

Achieve Greater Operational Efficiencies at Lower Cost with Illumiti's SAP AMES Team

Illumiti's SAP Application Management Services team works with small and large businesses to help them get the most out of their SAP system at a fraction of the cost of hiring additional full-time resources. Our team provides the day-to-day technical support our clients need to optimize their SAP solutions.

“ Leveraging Illumiti to help support your SAP business solution can provide many benefits to your organization including lowering the cost of maintaining skilled SAP professionals in-house.

Our AMES Team

Illumiti's AMES team enables you to focus on your organization's goals while enlisting the help of our experts to take care of the day-to-day operations of your core SAP systems. Our team members average over 15 years of SAP work experience. We bring deep knowledge of SAP best practices to every engagement – and a dedication to helping you get the most out of your SAP solution.

Our team is North American based – resulting in some key benefits for our clients. Unlike offshore teams, which often struggle with challenges associated with different time-zones, languages and travel restrictions, our AMES team acts as an extension of your operations – offering the complete flexibility you need to ensure your operations run smoothly. Because we are local, we are also available to travel to your premises when the need arises. Our local presence, combined with the senior level expertise result in lower total costs per ticket and higher satisfaction levels for our clients.

Illumiti is a Systems Integration and Management Consulting company. We enable customers to realize their vision by leveraging SAP technology, people, and leading business practices. Since its founding, Illumiti has developed a reputation for delivering successful customer projects faster, smarter and leaner.
