

SAP BUSINESS ONE CASE STUDY: NELLA CUTLERY

Industry: Food Service Equipment and Distribution

Solution: SAP Business One®

Implementation Date: 9/1/2015

Company: Nella Cutlery is a leading food service equipment and distribution company in North America. The growing organization acknowledged the need to move beyond their current system and chose SAP Business One to bring efficiency to its operations and grow with their organization.

“With SAP Business One our organization has the tools and analytics we need to make smarter decisions for years to come - As our organization grows and benefits from our increased efficiency. – Rob Nella, President, Nella Food Equipment

Before: Challenges and Opportunities

- Software lacked a strong accounting, inventory or point of sale module and was unable to support the rapid growth of the business
- Opportunity to transform business across all functions to create efficient processes, increase productivity, and reduce costs using user friendly dashboard
- Needed a system that would provide detailed analytics to assist in making smarter decisions for the company
- Required a scalable solution

Why SAP and Illumiti

- Illumiti's deep industry expertise, proven track record and ability to provide a plethora of references solidified our decision in selecting them as our implementation partner
- The ability to integrate SAP Business One with virtually any other system using SAP tools
- Execution of a company-wide integrated business transformation on a single platform
- Quicker, more reliable business processes through best practices and standardization
- Built in reporting with real-time analytical capabilities of SAP Business One on SAP HANA was unmatched

After: Value-Driven Results

- Data transparency, real-time access, and ad hoc reporting through SAP Business One for better decision making
- User friendly solution that provided detailed feedback to model organization growth
- A complete overhaul of their warehouse & inventory management practices that significantly cut costs and eliminate errors by automating the order to fulfillment processes
- Dependable solution that the organization can see themselves using for decades to come as the business grows
- Utilization of accounting, inventory, sales and analytics in SAP solutions

Illumiti is a Systems Integration and Management Consulting company. We enable customers to realize their vision by leveraging SAP technology, people, and leading business practices.
